Expect Traffic Changes in the Area of I-29 and U.S. 275/IA 92 Beginning on November 24th

(Council Bluffs, IA – November 20, 2015) – Local motorists and holiday travelers should be aware of several traffic changes in the area of I-29 and the U.S. 275/Iowa 92 interchange beginning on Tuesday, November 24th, weather permitting. After the morning commute, construction crews will shift northbound traffic on I-29 to the newly constructed northbound lanes.

Motorists should continue to be cautious throughout the construction area as additional minor changes and shifts will occur over the next couple of weeks on I-29, north and south of the interchange in both directions of travel. It is expected the on-ramp to I-29 northbound, which has been closed since April, will be opened on Monday, December 7th, weather permitting. The northbound I-29 off-ramp will remain closed until spring 2016.

Iowa DOT is in the process of reconstructing I-80, I-29 and I-480 in the Council Bluffs metropolitan area. This comprehensive interstate redesign will modernize the highway system and improve mobility and safety of approximately 18 miles of interstate. Motorists are encouraged to allow for extra travel time while this interstate improvement takes effect. If you would like more information about detours and traffic impacts visit the program website, www.councilbluffsinterstate.iowadot.gov.
