

2019 Annual Report Highlights Council Bluffs Interstate System Improvement Program Progress

COUNCIL BLUFFS, Iowa – Jan. 30, 2020 – The Council Bluffs Interstate System Improvement Program released its 2019 Annual Report today. The report highlights progress made on construction and design projects over the last year. It also features information on public outreach, program status, statistics for work completed in 2019, and a preview of 2020 activities.

“The Program was very busy over the last year working toward opening the dual, divided freeway and completing the Union Pacific Railroad Bridge over I-29,” said Iowa DOT District 4 Engineer Scott Schram. “The Program’s Annual Report provides a high-level overview of all of the work that occurred in 2019 and provides a summary of how the Iowa DOT is delivering this important highway improvement project.”

To view the report online, visit www.CouncilBluffsInterstate.IowaDOT.gov/2019annualreport. To request a hard copy of the report, or for general information regarding the Council Bluffs Interstate System Improvement Program, contact Wendy Thompson, Public Information Officer, 712-216-3339 or email Wendy.Thompson@CouncilBluffsInterstate.com.
